

AxRUST 4 - The Rust Warrior

AxRUST4 is an EXCELLENT MRO (Maintenance Repair Overhaul) product in its unmatched Quality, Reliability and Adaptability for numerous industrial, automotive, and domestic applications

- CLEANS metal surface & REMOVES rust even penetrating into most greases, dirt and contamination
- LOOSENS tight assembly parts such as rusted bolts/nuts, fasteners, joints etc. By penetrating into the most intricate microscopic areas and irregularities etc.
- LUBRICATES pivoted joints, hinges, chains etc to eliminates noise and improve operations
- DISPLACES moisture from metal surfaces
- INHIBITS RUSTS after cleaning, loosening and lubrication (needs to be re-applied on the affected areas)

Available sizes in Aerosol cans : 125ml, 250ml and 500ml.

Physical Characteristics

Appearance Form	Pale Yellow Liquid
Odor	Solvent odor with priority fragrance
Flash point in °C	> 42
Density @ 15 °C	0.78 - 0.79
Pour point in °C	Below - 13
Flammability	Yes
Explosion hazard	This product is flammable and may be ignited by heat or flame
Shelf Life	2 Years

**CLEANS
LUBRICATES
LOOSENS TIGHT ASSEMBLIES
DISPLACES MOISTURE
INHIBITS RUST**

Automotive

Domestic Applications

Industrial & Heavy Machinery
